

Make the Helicopter Blade Sword from Live, Die, Repeat: Edge of Tomorrow

DIMENSIONS to make the BLADE MAKE 2 of these out of foam board

So the overall size is 38 x 6.5. Then you cut the four corners as shown. Make 2 out of foam board then glue together.

If you don't have foam board long enough you can use the regular sized foam board to make these.

Do this:

2 Pieces

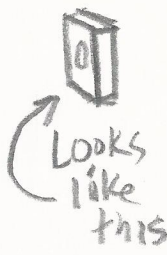

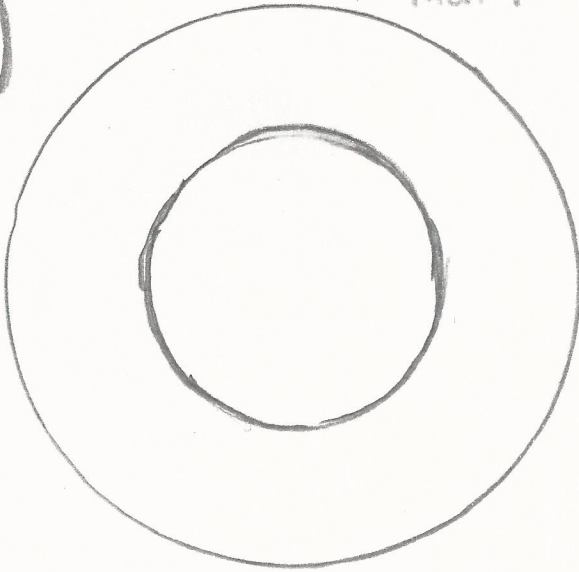

2 Pieces

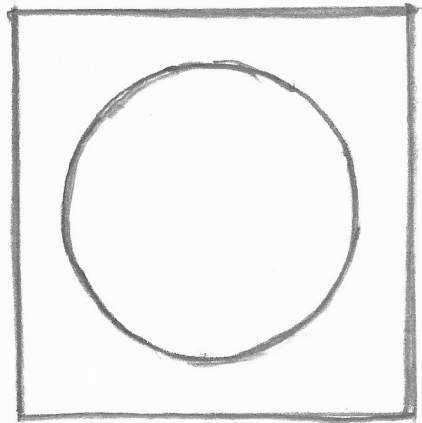

then you can glue all 4 of these pieces together to make your blade.

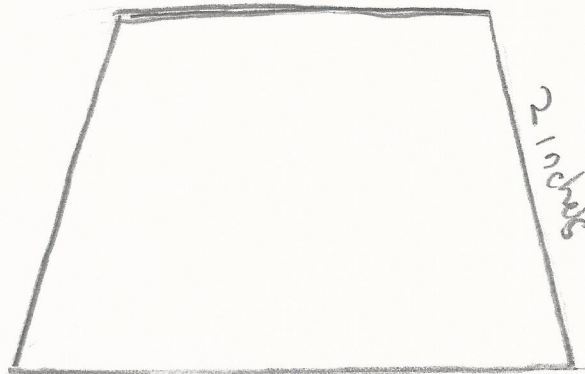

GUARD
1 inch thick

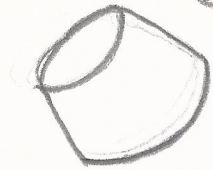

GUARD NUT
1 inch thick

2 inches

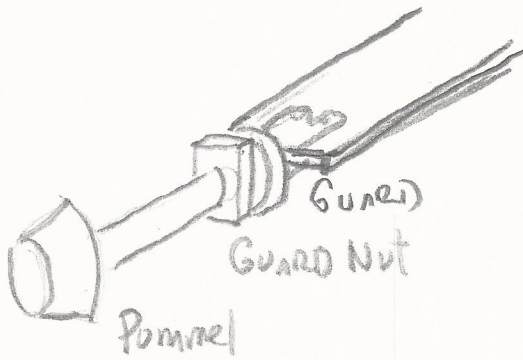

Pommel: looks like this

2 inches

3 inches
