cut out the four pieces of the blade and tape them together like above, trace this onto foamboard to make 1

there are three pieces that make up the handle, cut them out and tape them together like this

You see dotted lines on this assembly. Do not cut these yet

First Put this three piece assembly on foamboard and trace out two copies you need two!

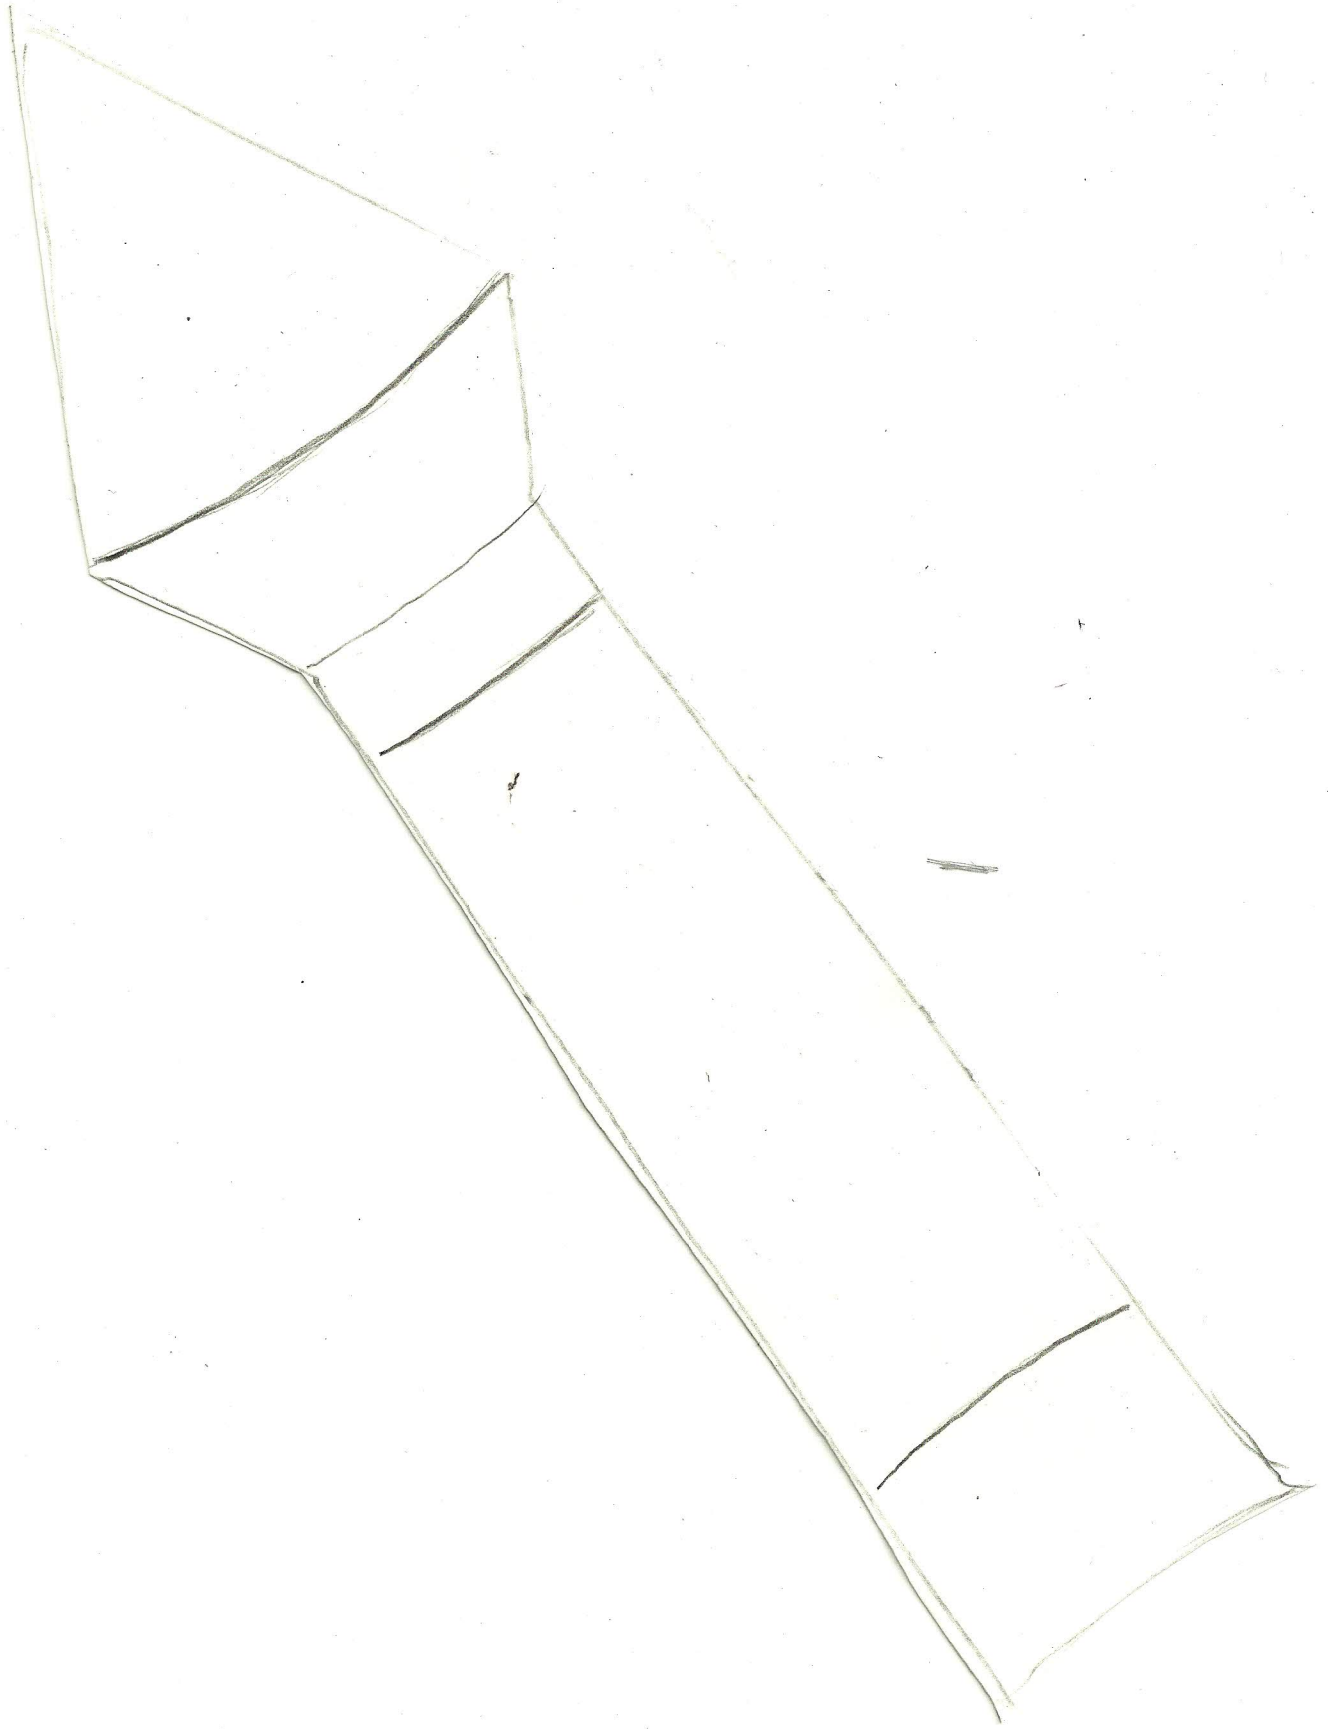

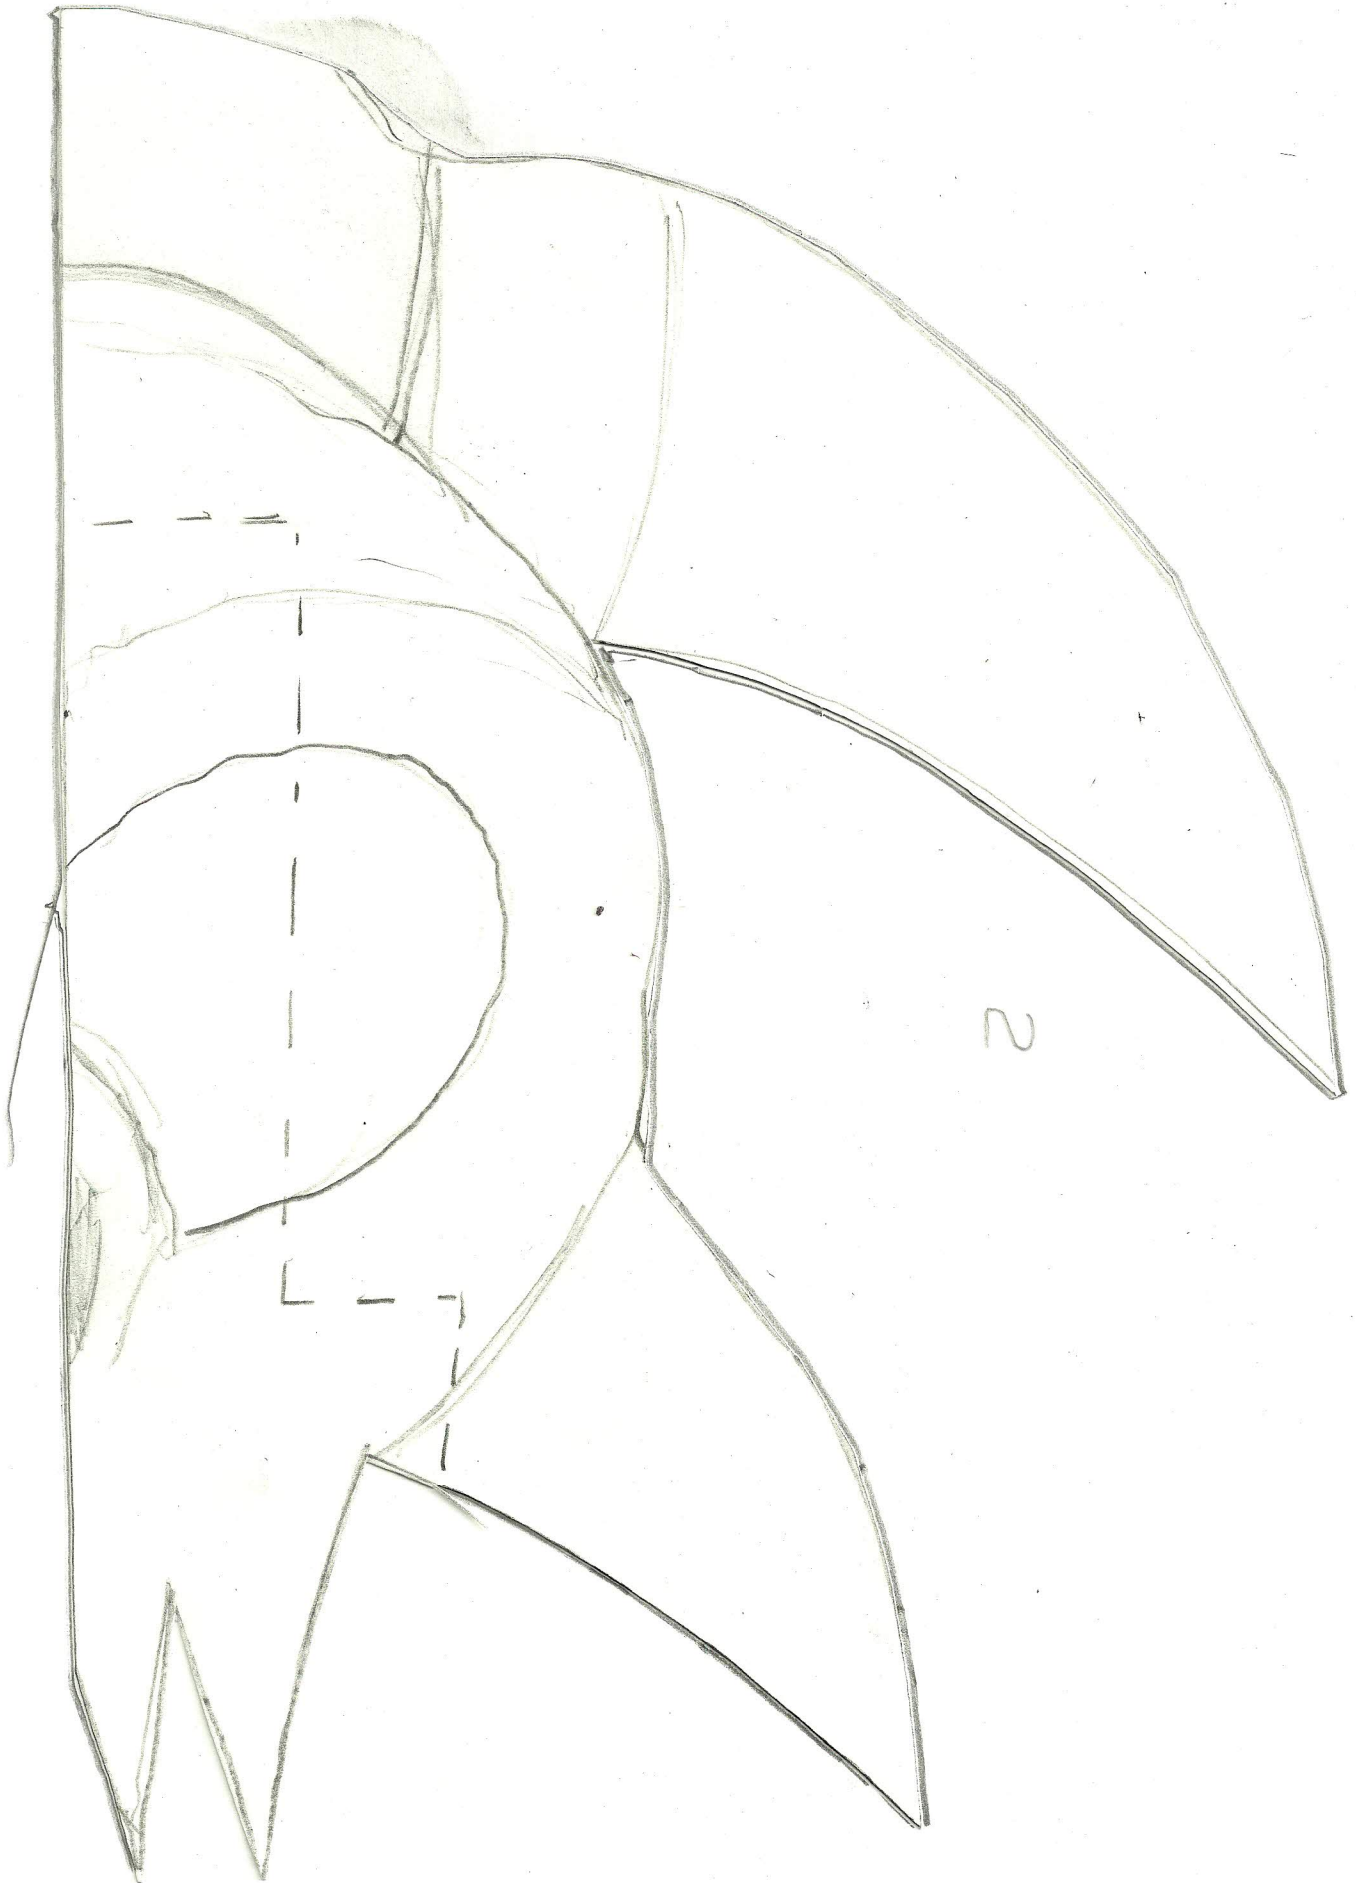

Now you can go ahead and cut out the dotted lines. You end up with the thing above. Trace this onto formboard to make 1.

Now you have four pieces.

Stick the blade section right into the handle piece shown right above.

Then just glue one skull handle piece under it. and one above it.
