

Equipment and tools to start out in blacksmithing

Safety and clothing:

- Leather Apron
- Leather Gloves
- Safety Glasses
- Good Pair of Boots
- Fire Extinguisher

Forge tools and accessories:

- Forge with blower
- Anvil on a stand – preferably wooden stand
- 3 metal buckets – water quench, ash receptacle, sand
- Coal raking tool to manipulate coals and fire

Hand tools:

- 3 pound cross-pein hammer
- 2 pound cross-pein hammer
- Wolf jaw tongs

Really good to have or get these soon

- Hardy cut off tool
- Several large Bastard files
- Belt sander
- Grinding wheel
- Bench grinder

Steel for forging practice and your first projects:

- Railroad spikes
- Rebar
- Some 01 steel if you want to make a really good knife
